

Inle Heritage Rapid Response Report

Emergency Relief Efforts for Inle Earthquake-Affected Villages

In response to the recent earthquake in the Inle region, the Inle Heritage team conducted a rapid assessment and immediate relief effort in three of the most severely affected villages: Eain Htauk Gyi, Shay Wa Gyi, and Myaung Wa Gyi. Upon visiting the area, we witnessed widespread damage and distress-families were struggling to find safe places to sleep, with many staying in boats or gardens under makeshift shelters.

Without delay, our team decided to deliver emergency aid consisting of food supplies, water, shelter materials, and basic medical provisions. Thanks to swift donations and community support, we were able to respond effectively and provide much-needed relief.

Villages Reached: Eain Htauk Gyi Village - 373 houses, Shay Wa Gyi Village - 161 houses, Myaung Wa Gyi Village - 116 houses. **In total, 650 households received emergency contributions through this rapid response effort.**
